

eSTS-3U *Feature Sheet*

SimulCharge™, 3 x USB Adapter for Samsung Micro USB Mobile Devices

The eSTS-3U is a SimulCharge™ adapter designed for use with select Samsung Micro USB mobile devices. It features simultaneous charging and access to data, three USB-A ports for connecting USB peripherals and RBM technology.

RBM's Battery Modulation protects the mobile device's battery from overcharging and bloating. Through the LAVA Tablet Manager (LTM) app, installed on the mobile device, users can set upper and lower charging thresholds to ensure the mobile device's never exceeds a full charge, extending the lifespan of the battery. The RBM-equipped adapter is ideal for use in a 24-hour environment.

The eSTS-3U's Micro USB-B power port is rated for the standard 5 volts at 2 amps. This means you can use your mobile device's own charging cable with the adapter. A separate power supply is not included.

Note: For system requirements and other technical information regarding this adapter, please see the specification sheet.

Features

- USB Host operation while charging (SimulCharge™)
- 3 x USB-A port
- Battery Modulation for mobile device longevity
- Screen Brightness Management
- Support for installations running 24/7
- No mobile device rooting required
- LAVA Limited Warranty

Use Cases

- Warehouse Management System
- Staff Time Clock
- Boardroom Scheduling System
- Self-Checkout Kiosk
- Hospital Patient Info Display
